COMPANY PROFILE

- Established in 1972.
- Factory area covers an area of approximately 7000 square meter.
- Major products : Centrifugal blower / Fan and Impeller to some also known as sirocco fan or Multi-blade blower.
- Employees: 45-60
- Business hours: Monday to Friday 08:00 - 17:00
- Integrity, responsibility as well as professional expertise in producing superior products is our creed. Owing to customers satisfaction and recognition in our quality products, Positive service attitude, high efficiency of service quality.
- Cam York location:

Taiwan High Speed Rail

- We are leading industry in business and got authentication through the international certification of ISO-9001:2008 Quality assurance.

- Ce certification for all products.

 CEPROM PRODUCT CERTIFICATION BODY	CEPROM® S.A. 440240 Satu Mare, str. Fântânele, f.n., Romania tel. +40.0361.804795; fax +40.0361.804796 www.ceprom.ro ; e-mail: ceprom@ceprom.ro
CERTIFICATE OF CONFORMITY No. 1113-CI-32016	
Technical File no. 1113-CI-32016/CYI-2016001-A1	
Applicant: CAM YORK INDUSTRIAL CO., LTD. No.63 Jifeng Rd., Wufeng Dist., Taichung City 413, Taiwan	Manufacturer: CAM YORK INDUSTRIAL CO., LTD. No.63 Jifeng Rd., Wufeng Dist., Taichung City 413, Taiwan
Description of product: Product name: BLOWER Model: CY Reference standards: EN ISO 12100:2010, EN 60204-1:2006+A1:2009+AC:2010	
Based on our assessment we confirm that the Technical File of the product is in accordance with the technical requirements of the above standards and hence fulfils the technical requirements of the Machinery Directive 2006/42/EC The CE mark as show joined can be used, under the responsibility of the manufacturer or the importer, after completion of the CE Declaration of Conformity and in accordance with the above directive.	
This certificate is only valid for the product and configuration described (annex), in conjunction with the detailed test data and with all applicable legal requirement for the product. Maintaining certification is based on compliance with the requirements of certification contract.	
Annex: Product identification – 2 pages	
Issuing Date: 14.10.2016 Expiry Date: 13.10.2021	 EUROPEAN UNION Satu Mare, ROMANIA
GENERAL MANAGER eng. Cristian SOPONOS  	CEPROM-CERT Manager eng. Vasile ZELE 
E.S. <small>Partial reproduction of this certificate is not allowed This Certificate of Conformity is valid only if it is published on the site www.ceprom.ro</small>	

- Total capital: NTD182,000,000.

- Products:

****Application:**

HVAC equipment, Ventilation, Air conditioning, Dryer, Humidifier, Dehumidifier, Refrigeration, Inflatable products, FFU (fan filter unit), Air moving devices, Machinery equipment parts, etc.

****Extent:**

Factory, Building, Small boiler, Kitchen hood, Machinery, Clean room, Air shower, Packing machine, Baking machine, Ovens, Heating, Industrial equipment, Blower equipment for air suction and discharging.

****Product Range:**

(A.) Blower:

Series	Characteristics	Application
CY Series	<ol style="list-style-type: none"> 1. Single inlet with single fan wheel 2. Fan's outlet can be mounted with square or circular frame upon the application demand. 3. Computerized dynamic balancing eliminates vibration during operation 4. Fan outlet direction is adjustable. 5. High speed rotation, high air pressure, high air flow. 	Small boiler, kitchen hood, baking machine, packing machine, Air shower etc.
DM Series	<ol style="list-style-type: none"> 1. Double inlet with twin- wheel 2. High air volume capacity 3. Fan's outlet is square 4. Speed-controlled device provides different options which makes fan operate more efficiently. 	Humidifier, dehumidifier, HVAC system for air suction and discharging.
M Series	Double fan, double outlet type.	HVAC system for air suction and discharging
P Series	Single fan type with motor metal base	Small boiler, kitchen hood, baking machine, packing machine etc.
V Series	Single fan type with vertical motor type	
CYB Series	BOX type, high pressure, portable , colorful, outdoor design.	INFLATABLE Industry, toy castle.

(B.) Fan wheel:

Series	Characteristics	Application
Centrifugal Strip Wheel	1. Impeller is designed in single wheel and twin-wheel.	Mainly apply on blower equipment for air suction and discharging.
Centrifugal Tablock Wheel	2. Materials: Steel, galvanized steel, stainless steel, aluminum alloy 3. Drive type: Direct connection to motor. 4. Rotating direction: Clockwise, counter clockwise	
FFU	Backward curved type	FFU (fan filter unit), HVAC system for air suction and discharging

We use CAD to design all fans and impellers. All developed fans and impellers also have to pass our strict performance test. The performance test facility is corresponding to AMCA (Air Movement and Control Association) standard. We also adopt motor with UL approval as well as ISO9002 certificate to apply on our blowers.

Fan's impellers were also balanced by computerized dynamic balancing machine after production. Therefore, we assure a high quality performance and low vibration for our product range.

In addition to our standard modular, we also welcome customers' special design and specification. In the oversea trading, we sell our products worldwide. So far, we have exported to China, Thailand, Malaysia, Vietnam, United Kingdom, Sweden, Japan, Singapore, USA, Syria, Poland etc.

With more than 30 years experience, Cam York Industrial Co., Ltd. can produces a high quality products at most competitive price. To be reliable and responsible are always our creeds for serving our customers.
